PRIVACY STATEMENT

EPSOM AND EWELL HEALTH WALKS/RAMBLERS WELLBEING WALKS (EPSOM AND EWELL)

When someone comes on their first walk with us we ask them to complete a Walker Registration Form. We collect contact details (name, E-mail address, telephone number and address (including postcode)) for our membership records and so that we can contact them to inform them about our Programme of walks (including any last minute changes or special advice), our AGM and any other important information. Contact will usually be by E-mail. We also request date of birth so that we can monitor the age profile of our walkers. We also ask how they found out about us so that we can compare the effectiveness of various sources.

At the start of each walk we record the names of attendees for insurance and statistical purposes.

Walkers cease to be members of Epsom and Ewell Health Walks 12 months after coming on their last walk and are then no longer entitled to vote at an AGM. We will not contact them more than 18 months after their last walk and will delete the data from their Walker Registration Form 5 years after their last walk, unless they return to walking with us. Once 18 months have elapsed after their last walk, we will use attendance information only for statistical purposes.

All this information is entered into spreadsheets to facilitate communication and the production of statistics. Access to these spreadsheets is password protected.

We do not pass information identifying individuals to any third parties.

If you wish to see the information we hold on you or have any questions about it, please E-mail info@epsomandewellhealthwalks.org.uk or failing this telephone 01372 743514. Any corrections or updates should be notified in the same way.
